Grant received April 2016	£3729
Grant received November 2016	£5215
Total spending to date	£12486
Carried forward to summer term	£2162 (already allocated)

Development	Impact so far	Sustainability
Professional Development of staff (ongoing)	<ul style="list-style-type: none"> * Increased staff confidence in delivery of lessons. *Quality first teaching through enabling staff confidence and knowledge to grow. *Lesson quality improved (based on PE lead watching lessons). *Staff access to support increased. *Lessons becoming more differentiated & more active ~ children learning a wider range of skills / fundamental skills. *Children speak more confidently about PE. 	<ul style="list-style-type: none"> * Ongoing CPD for all staff, a year group at a time but all can access resources / PE lead etc. * Funding to be used to follow up on CPD, now that staff confidence & understanding is increasing, next steps are to use an outside provider to build up staff knowledge resource bank. (Demos etc) *CPD opportunities offered to staff.
Increase participation levels in sport & healthy activity. (coaches etc from funding & competition equipment).	<ul style="list-style-type: none"> *Sports coaches employed at lunch times and after school, enabling all children to have the opportunity to participate in sport. * More competitions which are 'friendlies' to enable more children to participate. * Summer 2017 100% of children will have participated in a sports competition. (both inter and intra). 	<ul style="list-style-type: none"> *We see this continuing. *Increased number of children participating can continue as we can carry this on next year. * All class teachers to organise a competition / link with another school. *Support staff to access Sainsbury's school games competitions.
Improving behaviour at lunchtime.	<ul style="list-style-type: none"> *Sports coaches introduced, which enabled more active children to focus their energy. Incidence of red & yellow cards have decreased (see behaviour log). 	<ul style="list-style-type: none"> *To continue over the next year, we need to think more about sustainability once funding has ended.
Increased number of sports clubs on offer to children by paying for sports coaches to run sessions to encourage participation. Purchase of equipment to enable clubs to happen.	<ul style="list-style-type: none"> * Numbers of children participating in competition are gradually increasing. * Children throughout the school are able to access a club. * More Year 6 children are participating (previously very few did). 	<ul style="list-style-type: none"> * This will continue; also, as word spreads about the quality of clubs, more children are signing up.
