

ST MARGARET'S CE PRIMARY SCHOOL – PUPIL PREMIUM WEBSITE STATEMENT 2019-2020

The Pupil Premium is allocated to schools for children who are currently known to be eligible for free school meals (FSM), those known to have been eligible in the last six years, children of service families and children who are or who have been in local authority care. It was introduced in April 2011 and is intended to narrow the attainment gap between disadvantaged pupils and their peers.

In the **2019 to 2020** financial year, schools receive the following funding for each child registered as eligible for free school meals at any point in the last 6 years:

- £1320 for pupils in reception year to year 6

Schools also receive £1900 for each pupil who has left local-authority care because of 1 of the following:

- Adoption, a special guardianship order, a child arrangements order, a residence order

Children who have been in local-authority care for one day or more also attract £1,900 of pupil premium funding. Funding for these pupils doesn't go to their school; it goes to the virtual school head (VSH) in the local authority that looks after the child. VSHs are responsible for managing pupil premium funding for looked-after children.

Schools receive £300 for children recorded as service children from the Ministry of Defence.

Our total funding through the Pupil Premium for the financial year **2019-20** is expected to be **£45,100**. We will use the funding to provide additional teaching assistants to support quality first teaching and work with small groups, to support qualifying families with reduced funding for trips, residentials, after school clubs and other enrichment opportunities. Qualified ELSAs will work with all children and where there are specific needs, play therapy will be provided. This year some money will be used to support all pupil premium children as they access Forest School. We invest our funding primarily into quality first teaching as evidence shows this has the greatest impact on outcomes for children.

Currently, the majority of pupils attending St. Margaret's who are entitled to the Pupil Premium are working in line with age related expectations (ARE) in the core areas of reading, writing, communication and mathematics. Where they are not, it is related to special educational needs. Additionally, the vast majority have made at least expected progress from their starting points. Where this is not the case, additional support has been put into these classes.

*The actual funding last year totalled **£46818**. This was spent as follows:*

Pupil Premium used for: financial year to 31/08/19	Amount allocated % of funding	Details year group / pupils / timescale	Impact:
Trips / residentials / peripatetic music lessons / after school clubs / swimming / resources	3%	22 pupils	As a consequence of making funding available, all entitled pupils were able to access relevant resources, trips and residentials. This enabled full participation in the wider curriculum including outdoor and adventurous activities, and learning a musical instrument.
Emotional literacy (ELSA). Additional support for small group tuition / quality teaching and support	94%	All pupils - 33	Emotional literacy support was key to enabling specific children to be in a position to learn and access the curriculum. This enabled good and better progress for the majority of pupils leading to improved attainment.
Targeted professional support (behaviour support and play therapy)	4%	3 pupils	This was key in giving specific children support enabling them to be in a position to access the curriculum and learn, making small steps progress and supporting high needs of individuals
CPD	1%	All	Key targeted training for individuals to help better support disadvantaged pupils helping to narrow the attainment gap

The table below shows the comparative progress by children entitled to the pupil premium against their peers during the academic year **2018/19**. Due to low numbers of entitlement to pupil premium funding, information is kept to a minimum to avoid identification of children.

Group sizes	MAKING AT LEAST EXPECTED PROGRESS BASED ON PRIOR ATTAINMENT		
	READING	WRITING	MATHEMATICS
End of Foundation Stage			
Pupil Premium (1)	100% GLD	0% GLD	100% GLD
